

Elevator Pitch

Hello my name is Rafael Suárez. I have a Baccalaureate in Teaching and I also have around 14 years experience in the Airlines industry from Avianca Airlines in Colombia and Westjet Canada. I have always been interested in educating myself about new technologies. I studied Networking Administration in Quebec and currently I am completing a Web and Mobile apps development program in Trios College in Brampton. I have read a lot about your company and the great team that makes this company such a great company. I read lots of internships are being offered for the summer so I wanted to ask who I should contact to get an internship with your company. That would be awesome!

Oh really, that is amazing. I am going to write that email and I will send it to you tonight.

Thanks
